-------------------------------------

Dear Racer, please note our pit form has been updated and now includes both electric and additional facility requests, please take a moment to check you have completed all of the required information.

We are writing to you to ask for your help. As most of you know we have a limited area for pitting of your vehicle and we normally have to squeeze everybody in and make best of what we have. It is therefore essential that you give us your exact width and length dimensions so we can try to plan it as properly as possible, please make the effort to measure your combination so that you can give us the exact measurements. We will not guarantee a wider pit space than 7.00 meters and that will include your awning. Those of you who have a wider combination will not be able to use your awning here at Santa Pod and I advise you to make contact with us a minimum of 3 weeks prior to the event to see if we can sort something out, but only after you have filled in the extra pit space form. Thank you for your help.
